

CITY OF HAYWARD

AGENDA REPORT

AGENDA DATE 09/05/00

AGENDA ITEM 6.2

WORK SESSION ITEM

TO: Mayor and City Council

FROM: Director of Public Works

SUBJECT: Traffic Signal Installation on Hayward Boulevard at Civic Avenue: Approval of Plans and Specifications and Call for Bids

RECOMMENDATION:

It is recommended that the City Council approve the attached resolution that approves the plans and specifications for the Traffic Signal Installation on Hayward Boulevard at Civic Avenue and calls for bids to be received on October 3, 2000.

BACKGROUND:

This project will install a traffic signal system at the intersection of Hayward Boulevard and Civic Avenue and signal interconnect to the traffic signal at Hayward Boulevard and Tribune Avenue. The traffic signal has been identified as a high priority on the Traffic Signal Priority List and is a part of the Walpert Ridge Development traffic mitigation.

Staff has established a combined goal of 8 percent for Disadvantaged Business Enterprise (DBE) and Women-Owned Business Enterprise (WBE) participation for this project. The goal was established through an evaluation of available subcontracting opportunities for the project and an analysis as to which portion of the subcontracting would be reasonable to set aside for DBE and WBE participation.

This project is categorically exempt under the repair or alternation of existing streets section of the California Environmental Quality Act.

PROJECT COSTS:

The estimated costs for the project are as follows:

Contract Construction Costs	\$ 133,000
Consultant Design & Construction Support	20,000
Design and Administration	15,000
Inspection, Survey, and Testing	10,000
City Furnished Equipment	20,000
Total Project Costs	<u>\$ 198,000</u>

FUNDING:

A total of \$150,000 is approved for this project in the Transportation System Improvement Fund in the 2000/2001 Capital Improvement Program budget. After bids are received, an additional appropriation will be requested, if necessary. All costs will be reimbursed from existing Bailey Ranch and the University Plaza Shopping Center deposits, which were required to mitigate their share of impacts at the intersection.

SCHEDULE:

Advertise	September 5, 2000
Receive Bids	October 3, 2000
Award	November 14, 2000
Begin Work	March 16, 2001
Complete Work	July no, 2001

The delay between the project award and the construction start is because of the four months delay between the ordering and delivery of the traffic signal equipment.
